Professional CV / Resume Placeholder

This is the placeholder document for your portfolio CV.

To link your actual resume here:

1. Save your real CV / resume as a PDF file named 'resume.pdf'.
2. Replace the file 'resume.pdf' in the root of your repository with your real PDF.
3. Push the changes to GitHub.

Technical Projects Summary:

- TaskFlow (Secure Task Management with RBAC)
- HexaShield (Deception SSH/HTTP Honeypot)
- ChainGuard (Tamper-Evident SHA-256 Ledger Logging)
- Sentinel AI (Intent Router NLP Filter Support)
- Nexus Dashboard (Threat Intrusion Dashboard)
- Secure Review (Python AST Static Coding Auditor)
